第一章 總則

Chapter One General Principles

第一條 為明確規範本系碩士班學生之學位修讀，依據國立成功大學學則、研究生章程，制訂「國立成功大學統計學系碩士班學位修讀辦法」（以下簡稱本辦法）。

Article 1 The Academic Regulations for the Master's Degree Program of the Department of Statistics, NCKU (hereafter the Regulations) are established by the Department of Statistics (hereafter the Department), National Cheng Kung University (NCKU) to regulate the graduation requirements for its master's degree program in accordance with NCKU Academic Regulations and NCKU Graduate Program Regulations.

第二章 入學

Chapter Two Matriculation

第二條 進入本系碩士班就讀學生，應經研究所入學考試或甄試合格。

Article 2 The Department admits students into its master's program for each academic year through the NCKU-designated master's program entrance examinations or the recommended selection examination of the Department.

第三條 凡國內公立或已立案之私立大學或獨立學院畢業生（不含公費生及有實習規定者）其在校學業成績名次（系排名）列於該校系應屆畢業班年級全部人數前百分之三十五（含）者，得於規定時間申請參加甄試進入本系碩士班就讀。甄試項目分資料審查（50%）、面試（50%）兩部分，審查成績通過者，再通知面試。審查成績特優者直接錄取，不必參加面試。

Article 3 Applicants who are graduates of domestic government-run or government-registered universities or colleges (excluding government-funded students and those with internship requirements) and who are ranked by academic performance among the top 35% of the graduating class in the school are eligible to apply for the recommended selection examination within the designated period for admission to the master's program of the Institute. The selection test is administered in two stages: document review (50%) and interview (50%). Those who pass the review will be notified of the interview. Candidates with outstanding performance on document review will be admitted directly into the master's program without an interview

第四條 凡國內公立或已立案之私立大學，或經教育部認可之外國大學畢業，得有學士學位，或合於同等學力規定者，得參加本校碩士班入學考，進入本系碩士班就讀。碩士班入學考考試科目為：統計學（加重 50%）、數理統計（含機率概論）及數學（微積分及線性代數）。

Article 4 Those who are graduates of domestic government-run or government-registered universities/colleges, who are bachelors of overseas universities/colleges accredited by the Ministry of Education, or who are qualified candidates with an equivalent educational level according to the relevant education regulations, will be granted admission into the master's program of the Department after they pass the NCKU-designated master's program entrance examinations. The test subjects of the entrance examination are Statistics (weighted by 50%), Mathematical Statistics (including Introduction to Probability) and Mathematics (Calculus and Linear Algebra).

第三章 修業年限、學分及選課

Chapter Three Study Duration, Credit Requirements and Course Enrollment

Article 5 Master's students of the Department (hereafter master's students) shall complete the graduation requirements for the degree within the regular study duration of four years (a minimum of one year and a maximum of four years).

第六條 碩士班研究生除專題討論及論文外，至少需修滿 30 學分，其中 12 學分得選修本校其他所之重點課程。延修生每學期皆應選修專題討論。
前項外所重點課程係指非統計系暨數據科學研究所碩、博班課程。他所重點課程之認定，由系主任與該生之指導教授共同認定之；尚未選定指導教授者，由系主任認定之。

Article 6 In addition to the credits for the Department-designated specific-topic seminar course and the thesis, master's students are required to complete a minimum of 30 course credits, with a maximum of 12 credits in major courses offered by other programs, for graduation. Deferred students shall enroll in the Department-designated specific-topic seminar course every semester during the extended duration of study.

The major courses offered by other programs, specified in the preceding paragraph, refer to none of the courses in the graduate program curriculum of the Department of Statistics and the Institute of Data Science. Students should enroll in major courses offered by other programs under the instruction of the advisor and the Department Chair. Those who have not been assigned an advisor should consult with the Department Chair for course enrollment in this regard.

第七條 碩士班研究生每學期選修講義課，以不超過 12 學分為原則；其成績特優或其他特殊原因，得經系主任之同意，增加選修科目至 15 學分。

Article 7 In principle, master's students are allowed to enroll in elective lecture-courses with a maximum of 12 credits each semester. With outstanding academic performance, or under special circumstances, approved by the Department Chair, they are allowed to enroll in elective courses with a maximum of 15 credits.

第八條 必修科目：專題討論(每學期必修)及論文。

Article 9 Master's students are required to complete five elective courses with a total of 15 credits, including Mathematical Statistics (1)(2), Statistical Methods, Statistical Consulting, and Topics on Statistical Consulting.

第十條 領域學程：規劃有醫學統計、工業統計、商業統計及理論統計四個學程，由研究生導師或指導教授指導學生選課方向。碩士班課程開課時間規畫及各領域學程內容詳見「統計系研究所專業必選科目開課規劃表」。

Article 10 Specific-discipline programs: The Department has established four specific discipline programs, including Medical Statistics, Industrial Statistics, Commerce Statistics and

Theoretical Statistics. Students may consult with mentors for graduate students or thesis advisors for course enrollment in the four programs. For further information on the class schedules of the master's program and the content of each specific discipline program, please refer to the Curriculum Schedule of the Graduate Institute of Statistics for Required and Elective Courses.

Those who intend to choose an advisor from outside the Department must be co-supervised by one or more full-time faculty members of the Department. Basically each faculty member of the Department is allowed to advise a maximum of three students in the master's class of the same year (including the Department of Statistics and the Institute of Data Science). A faculty member who has failed to achieve research results within the last three years is allowed to advise one master's student each year. Assignment of an advisor under exceptional circumstances shall be approved by the Chair. In case of co-advising, the advisee quota for each co-advisor will be calculated proportionally.

第十三條 碩士班研究生於選定論文指導教授後，以不變更為原則。若其因特殊原因需變更者，依「國立成功大學統計學系暨數據科學研究所研究生申請更換指導教授原則」(另訂)辦理，填寫「國立成功大學統計學系暨數據科學研究所碩士班更換論文指導教授申請表」(如附件二)。新選定之指導教授，指導時間至少六個月後方可提出論文口試之申請。前項指導教授之變更，以一次為限。碩士班研究生抗拒指導有重大具體事實者，其指導教授得徵求系主任同意，停止指導。被停止指導之學生，應另行選定新的指導教授。新任指導教授之指導時間至少六個月後方可提出學位考試之申請。

However, should need arise under special circumstances, a student may apply for change with a completed Application Form for Advisor Assignment Change Under the Department of Statistics and the Institute of Data Science, NCKU (Attachment II) in accordance with Principles for Change of Thesis Advisor Under the Department of Statistics and the Institute of Data Science, NCKU (established in a separate text). A master's student is allowed only one application for advisor change. Those who complete their application for a change of advisor shall not apply for their degree examination until after a minimum of six months following the advisor change application.

An advisor whose advisee resists guidance with significant specific facts may seek the consent of the Chair to terminate the advising relationship. Students whose advisor assignment is suspended should select a new advisor. Meanwhile, they shall not apply for their degree examination until after a minimum of six months from the date of the new assignment.

第十四條 本系碩士班研究生碩士論文，應以與統計理論、方法有關者為限。

Article 14 A master's thesis completed by master's students of the Department should be limited to works related to statistical theory and methods.
